Some of our Global Workers' names have been abbreviated for their protection as they work in sensitive areas.

Global Worker	Request
Nabeeh & Ruba Abbassi–Jordan Christar	Pray that we can transfer the Trauma workshops in 5 cities in Jordan to a likeminded NGO. We are struggling with the authorities and are finding that some of our ministry activities are being limited.
Ignacio & Genoveva Alvarez–Mexico Ravah	Our lives have been very busy with many ministry opportunities. Pray that we would be guided in what we do and not take on more than we should. We do appreciate your prayers.
James & Karen Ashley–Solomon Islands Wycliffe	Pray for our interactions with James' siblings, which are currently strained because of very hurtful decisions made during the rebuild from the house fire in James' parents' home back in February.
A & S Azz.–Morocco PM International	We want to help the Syrian believers who have suffered from the war. We have been in Syria and we have the possibility to continue working with a national pastor. We need funds to carry out the project and the protection of God in that unstable area

Tyrel & Natalie Good–Czech Republic Josiah Venture	Pray that God would provide new, passionate ministry partners who will join with us in prayer and financial support. Due to the financial situation with the national organization, I am paying for a lot of tools and materials out of my own budget to move my projects forward, which is further depleting my ministry account as well.
E Hir.–Iraq Christar	For wisdom, strength and protection for Nala valley people we have bombing every day by the Turkish forces. We are not the target but still it is hard for the people here.

B & P Sid.–North Africa OC International	I am praying and fasting with others for 10% of the M world to become followers of Jesus in 10 years (1010PF). This came out of the Vision 5:9 consultation in Chiang Mai last year and I am seeking to engage our company's regional workers in this initiative.

Richard West–Global (US-based) TWR	Pray for success of the new shortwave station install in Papua New Guinea.
Jerry & Sue Whittaker –Turkey (US-based) Artists in Community Transformation	We are trying to connect with a particular CD production facility in the Netherlands that will do a good job of producing/packing 300 Kurdish CDs with liner notes. We have been unable to connect with it via Skype telephone calls. (The CDs should be made locally in the Netherlands because shipping fees would be prohibitive if we have them made here). Pray that we will be able to reach them or be led to another production facility.
Cathy Wilson–US Chosen People	Sensitivity to God's priorities moment-by-moment.
C & S Zap.–Malaysia	For our teams that we supervise, some of which are going through difficult situations and a lot of control as in the case of the team that works in China (the persecution is getting stronger.)
